👤 PROFILE

A soon-to-be Computer Science graduate of Strathmore University, Kenya that enjoys the thrill of solving complex problems through computer programming. I am passionate about the future of computer technologies specifically artificial intelligence and virtual reality and I would be pleased to join an organization where I can meaningfully contribute to that future.

📁 EMPLOYMENT HISTORY

Web Developer at Microhouse Technologies Ltd, Nairobi

January 2020 — April 2020

Created professional websites for paying clients based on Wordpress

🎓 EDUCATION

Bachelor in Informatics and Computer Science, Strathmore University, Nairobi

June 2018 — June 2022

I have completed all required the courses. I am set to graduate in June 2022

👥 INTERNSHIPS

Intern Developer at Iansoft Technologies Ltd, Nairobi

January 2021 — April 2021

Helped create and maintain enterprise application software and databases based on the Oracle platform.

🌱 EXTRA-CURRICULAR ACTIVITIES

Attendance Tracking System

July 2021 — November 2021

A general PC based attendance tracking system based on facial recognition technology built on a convolutional neural network.

Green Delight

September 2019 — December 2019

A grocery shopping application that connects buyers and sellers on a common virtual marketplace

Volunteer at Mukuru Promotion Centre, Nairobi

January 2019 — March 2019

I volunteered at Mukuru Promotion Centre that is a school for the underprivileged in the South B Area of Nairobi as well as a community center. I assisted teachers with their work and occasionally interacted with the children
